DEPARTMENT OF SOCIAL WORK

TEACHING PLAN
ODD SEMESTER 2024-2025

Vision

Empowering the young women as change makers in the society through networking with various agencies, inculcating professional values and attributes which lead to the holistic development of the society.

Mission

- To motivate the students towards social concern and problems through inculcation of democratic and humanitarian values.
- Sensitize the various issues in the society for the empowerment of marginalized and vulnerable people.
- Applying skills in social work practice and social work research in different fields for achieving desirable changes and development.
- To facilitate entrepreneurship and career guidance through activity based learning.
- To create global competencies through internship programme.

Programme Educational Objectives (PEOs)

PEOs	Upon Completion of MSW Degree programme, the graduates will be able to:	Mapping with Mission
PEO - 1	the graduates use scientific knowledge to solve social issues and pursue research.	M1,M2, M3,M4
PEO - 2	our graduates will continue to learn and advance their careers in industry both in public and private sectors, government and academia.	M3,M4
PEO - 3	the graduates will attain professional knowledge and practice to work in different fields of social settings transferring one's knowledge, skills and expertise to community (community can incorporate local, municipal, national and international scope) with professional ethics and values	M2,M3, M4,M5

Program Outcomes (POs)

POs	Upon completion of M.S.W. programme, the graduates will be able to:	Mapping with PEOs
PO-1	design and undertake individual research and innovative technologies which will contribute to the future ideological and societal development.	PEO-1
PO-2	Articulate critically to address the emerging national and global challenges with an ethical outlook.	PEO-3
PO-3	equip to practice personal reflection and self-correction to assure continual professional development.	PEO -3
PO-4	apply knowledge of social systems and human behavior to promote social change, problem solving in human relationship.	PEO -3
PO-5	Integrate various theories and methodologies relating to social and environmental contexts	PEO -3

PO-6	Perform the professionalism and team spirit and exhibit leadership, communication and managerial skills.	PEO -3
PO-7	train professional social worker to be independent and lifelong learning in the broadest context of socio-cultural, economic, environmental, political and psychological changes in the society.	PEO -2

Programme Specific Outcomes (PSOs)

PSOs	Upon completion of M.S.W. programme, the graduates will be able to:	Mapping
		with POs
PSO1	developability to identify, formulate and analyze complex social	
	problems using social work knowledge through placements in service organizations and its problems of the pro	PO4
	nopen community.	
PSO2	acquireskillstopracticevaluesandethicsofsocialworkpracticeswithdiverseand vulnerable populations.	PO 2
PSO3	apply social work methods, research based activities and research to facilitate realistic understanding and contribute to the societal development.	PO 1
PSO4	develop appropriate resources, use technology and innovative methods to enhance theoretical knowledge and practical wisdom.	PO1,PO3
PSO5	conduct appropriate programmes for sustainable development by giving orientation about environmental transformation and developing knowledge about sustainable development.	PO 5
PSO6	enhance interpersonal and intra-personal skills for the efficient and competent	PO6,PO7
	personal and professional role performance with various groups of professional	
	and para-professional teams.	

Teaching plan for the Academic Year 2024-2025

Department : Social Work

Class : I MSW

Title of the Course : Social Work Profession

Semester : I

Course Code : WP231CC1

Number of Hours	Number of Credit	Total Number of	Marks
per week		Hours	
7	4	90	100

Learning Objectives:

- 1. To understand the evolution of Social Work and its emergence as a Profession.
- 2. To enable the students to comprehend the significance of professional values, ethics in both micro and macro social work practice

Course Outcomes

On the successful completion of the course, student will be able to					
1	aware an in-depth knowledge on the basic concepts of social work.	K1			
2	understand the historical background of social work in west and India.	K2			
3	articulate the student to be familiar with philosophies, ethics and values of social work.	К3			
4	analyse the significance of models in social work.	K4			
5	evaluate implication of social work education and field work.	K5			

K1-Remember, K2-Understand, K3-Apply, K4-Analyze, K5-Evaluate
