One-Day Workshop: "Global Perspective on OBE: Lessons Learnt and Future Directions"

The OBE Committee and IQAC at Holy Cross College, Nagercoil, organized a workshop on September 19, 2024, in St. Joseph's Hall, attended by 140 faculty members. Dr. K. Jeya Daisy welcomed the gathering, and two eminent speakers led the sessions. Dr. J. Annrose discussed the global context of OBE, challenges, successes, and future directions, emphasizing NAAC's maturity-based accreditation, CO-PO-PSO mapping, and assessment methods. Dr. Vinoliya Josephine Mary highlighted practical challenges in transitioning to OBE and strategies for measuring attainment effectively. The post-lunch session featured hands-on training, where faculty members created COs and mapped them to POs, PEOs, and PSOs for evaluation. The workshop enhanced participants' understanding of OBE frameworks, strengthened skills in mapping and attainment calculations, and prepared departments for NAAC accreditation. Feedback was overwhelmingly positive, with participants valuing the practical insights and collaborative environment. Future sessions could further explore technical aspects of OBE implementation.

The poster is for a one-day workshop titled "Global Perspectives on Outcome-Based Education: Lessons Learnt and Future Directions". Online Workshop on "AI in Transforming Administrative Workflows"

The Internal Quality Assurance Cell (IQAC) of Holy Cross College (Autonomous), Nagercoil, in collaboration with the Administrative Staff Club, organized a three-day online workshop titled "*AI in Transforming Administrative Workflows*" from April 8 to 10, 2025, between 6:00 PM and 8:00 PM. The resource person for the workshop was Dr. Vimal Jerald, Assistant Professor in Computer Science at St. Joseph's College (Autonomous), Tiruchirappalli.

The workshop aimed to equip the administrative staff and faculty with practical knowledge and skills to integrate Artificial Intelligence tools into their daily workflows, thereby enhancing operational efficiency. The sessions featured in-depth demonstrations and applications of AI tools such as Google Lens, ChatGPT, Qwen, Gemini, and SunoAI. These tools were showcased for their capabilities in automating tasks like text extraction, translation, drafting reports and emails, data summarization, scheduling, and generating audio messages for communication. The participants gained valuable insights into how these tools can be effectively used for documentation, quality assurance, internal communications, and administrative decision-making processes.

The outcome of the workshop was significant in terms of digital empowerment, skill development, and capacity building. The participants expressed increased confidence in adopting AI for administrative purposes and appreciated the practical relevance of the tools discussed. The sessions encouraged innovation and the transition toward smarter administrative practices. Feedback from the participants was overwhelmingly positive, and there was a strong interest in conducting more such training programs in the future. The workshop resonated with the belief that “Artificial intelligence is not a substitute for human intelligence; it is a tool to amplify human creativity and ingenuity.”
